Mr. Edward Marion, Administrative Law Judge
Public Service Commission of Wisconsin
610 N. Whitney Way
P.O. Box 7854
Madison, WI 53707-7854

RE: INTERVENOR REQUEST

137-CE-139

Application of American Transmission Company, as an Electric
Public Utility, to Construct a New Waunakee Substation and Build
A New 138 kV Line From the North Madison Substation to the New
Waunakee Substation in the Towns of Vienna and Westport, Dane
County, WI

Judge Marion,

I live in a residence that is in very close proximity to the one of the proposed ATC routes at issue in this docket. Further, I am a future interest in the property currently owned and controlled by the CaPaul Family Limited Partnership. I would be directly and significantly affected by this one route proposed by ATC. This route would directly negatively affect my present and future enjoyment of the property; the present and future use of the property; and more importantly, my health and safety.

Further, without intervenor status, I would have no ability to analyze and challenge the accuracy of the confidential information presented in support of ATC's proposal. It is highly foreseeable that the lack of access to this important information could put me at a disadvantage in effectively providing the Commission with my position on this issue.

As such, I respectfully request intervenor status in this docket.

/s/ Erik CaPaul
